

*SAFETY AND
EXPERTISE ARE
OUR BUSINESS!*

**'MADE BY
LiKAMED'**
SYNONYMOUS WITH
THE HIGHEST
QUALITY

LiKAMED®

Made in
Germany

STANDARD- COMPLIANT AND TÜV-CERTIFIED

ALL
PRODUCTS
MADE IN
GERMANY

For over 40 years, the quality of our services and the safety of patients and medical staff have been our top priority. For this reason, we develop, test, manufacture and assemble all products in-house and subject them to stringent quality tests, both internally and externally.

Whether for blood donation, dialysis, oncology, outpatient care, rehabilitation or geriatric care – we have the right chair for every application.

CHOOSING LIKAMED IS AN OBVIOUS DECISION:

- **The extensive portfolio:**

Therapy and treatment chairs and beds for medicine and cosmetics; side tables and universal stools

- **Standard-compliant products:**

We meet the particular requirements as part of the recently released standard for medical chairs VDE V 0750-2-52-2:2021-10

- **TÜV-certified since 1993:**

Specifically with regard to avoiding pinch and shear hazards, stability, maximum working load and electrical safety according to EN 60601-1
